CONTENTS

Number 1

	1	**Cooperating Organizations**
Jack K. Lemley	3	**Towards New Worlds in Tunnelling: Advancing the "Art of the Possible"**
M. Endo	7	**Design of Tokyo's Underground Expressway**
E. Soliman, H. Duddeck and H. Ahrens	13	**Two- and Three-dimensional Analysis of Closely Spaced Double-tube Tunnels**
J. W. Bosch	19	**An Underground Bus Terminal for Amsterdam: Construction Issues**
F. Kind-Barkauskas	25	**Creative Aspects of and Uses for Underground Structures — Examples from Germany**
H. A. Sikkel	31	**An Underground Bus Terminal in Amsterdam: Legal and Policy Issues**
D. J. Howells and T. C. F. Chan	37	**Development of a Regulatory Framework for the Use of Underground Space in Hong Kong**
Y. Nishida and N. Uchiyama	41	**Japan's Use of Underground Space in Urban Development and Redevelopment**
J. van Hove	47	**Productivity of Aquifer Thermal Energy Storage (ATES) in The Netherlands**
S. Kashima, R. Nakamura, M. Matano, T. Taguchi and T. Shigenaga	53	**Study of an Underground Physical Distribution System in a High-density, Built-up Area**
K. Igarashi and S. Okumura	61	**Conception of an Underground Parking System**
K. Matsushita, S. Miura and T. Ojima	65	**An Environmental Study of Underground Parking Lot Developments in Japan**
Lars Rosengren and Ove Stephansson	75	**Modelling of Rock Mass Response to Glaciation at Finnsjön, Central Sweden**
	83	**News and Comment**
	88	**Meetings**
	93	**Publications**
	95	**ITA News**
	105	**News from Cooperating Organizations**

Number 2

	117	**Cooperating Organizations**
Ahmet Gursoy and Paul C. van Milligen	119	**Chapter 1: Introduction**
Jan Saveur and Walter C. Grantz	123	**Chapter 2: Structural Design of Immersed Tunnels**
V. L. Molenaar	141	**Chapter 3: Construction Techniques**
Walter C. Grantz, G. Liong Tan, Egon A. Sørensen and Hans Burger	161	**Chapter 4: Waterproofing and Maintenance**
Walter C. Grantz	175	**Chapter 5: Catalog of Immersed Tunnels**
Ch. J. A. Hakkaart, A. Lancelotti, H. Østlid, R. Marazza, K. A. Nyhus and D. R. Culverwell	265	**Chapter 6: Submerged Floating Tunnels**
	287	**Appendix A**
	289	**News and Comment**
	292	**Meetings**
	296	**ITA News**
	304	**News from Cooperating Organizations**

Number 3

	311	**Cooperating Organizations**
C. Fairhurst	313	**Editorial — Geological Isolation of Radioactive Waste: a Challenge That Must be Met**
C. Fairhurst, F. Gera, P. Gnirk, M. Gray and B. Stillborg	315	**The International Stripa Project: an Overview**
R. Pusch and C. Svemar	345	**Influence of Rock Properties on Selection of Design for a Spent Nuclear Fuel Repository**
S. Pelizza and D. Peila	357	**Soil and Rock Reinforcements in Tunnelling**
Qing Zhang, Shengfeng Tian, Yuanbin Mo, Xiozheng Dong and Shengyu Hao	373	**An Expert System for Prediction of Karst Disaster in Excavation of Tunnels or Underground Structures through a Carbonate Rock Area**
	379	**News and Comment**
	386	**Meetings**
	389	**Publications**
	392	**ITA News**
	400	**News from Cooperating Organizations**

Number 4

	409	**Cooperating Organizations**
R. Robbins	411	**Editorial — Balancing Risk and Innovation in Underground Construction**
L. Gravesen and N. S. Rasmussen	413	**A Milestone in Tunnelling: Rotterdam's Maas Tunnel Celebrates its Fiftieth Anniversary**
L. Tollerup	425	**Stockholm Builds a "Snake" Tunnel to Avoid Flooding and Improve Water Quality**
L. Rosengren	429	**Preliminary Analysis of the Dynamic Interaction Between Norra Länken and a Subway Tunnel for Stockholm, Sweden**
ITA Working Group on Shotcrete Use	441	**Shotcrete for Rock Support: a Summary Report on the State of the Art in 15 Countries**
	471	**News and Comment**
	479	**Meetings**
	482	**ITA News**
	494	**News from Cooperating Organizations**
	i	**Volume 8 Title Section, Contents and Author Index**
